## ACCDF Award

On April 27, 2013, the Patcha Foundation, represented by the President, Stella-Maris Adamu, was part of a free round table discussion on the impact of Cancer on the Cameroonian community. The theme of the event was "Cancer is not a curse but a preventable, treatable, and curable disease." The 6 panelists did an excellent job and audience feedback was positive. The event ended with a gala to raise cancer awareness in the community.

The Patcha Foundation President was also presented with an award for her efforts through the Foundation in the fight against cancer.
